

Deakin University Street & Park Furniture

Modern universities and educational institutions are unique public environments that require effective and safe facilities. The Deakin University in Burwood, Victoria has recently been reinvigorated with a vast array of outdoor public facilities designed to encourage students and staff to utilise the busy campus.

Ace Contractors installed a range of Furphy Foundry's Street & Park Furniture for the redevelopment and the results are superb.

Our Metro Seats (made from cast aluminium and hardwood slats) populate the area alongside matching Metro Litter & Recycling Receptacles. In addition, there are 16 Chaise Lounge Seats throughout the landscaped environment and 5 sets of our large, 240L durable Corso Litter & Recycling Receptacles.

Products: Metro Seats, Metro Litter & Recycling Receptacles, Chaise Single Lounge Seats and Corso 240L Litter & Recycling Bins

Location: Deakin University, Burwood VIC

Client: Ace Contractors
