

celebrating **150** years

The Story

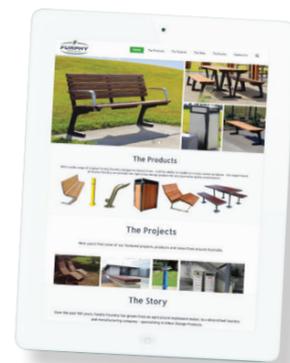

As one of Australia's oldest companies, Furphy Foundry is proud of its heritage and a strong dedication to producing excellent products has always been paramount. Furphy Foundry's commitment to manufacturing such high-quality products was first summarised in 1910 when company founder, John Furphy inscribed the following words on the cast ends of a Furphy Water Cart:

"GOOD, BETTER, BEST - NEVER LET IT REST - TILL YOUR GOOD IS BETTER - AND YOUR BETTER, BEST."

The Foreshore Drinking Fountain

Drinking Fountains

Our range of Drinking Fountains has been created to provide safe, clean and cost effective public drinking facilities that are ideal for public environments. Each unique design has its own set of customisable features, enabling the Furphy Foundry Drinking Fountains to be matched with other assets and integrated seamlessly into any environment.

The option to customise the colours, materials used and finishing options allows the Furphy Foundry range of Drinking Fountains to fit into any Australian public environment.

Cascade Drinking Fountain

Made from hot dipped galvanised mild-steel pipe, our Cascade Drinking Fountain comes in two unique formats - regular and wheelchair access. Both can be finished with an array of options.

Cascade Drinking Fountain

Made from hot dipped galvanised mild-steel pipe, our Cascade Drinking Fountain comes in two unique formats - regular and wheelchair access. Both can be finished with an array of options.

Sandford Drinking Fountain

Completely wheelchair accessible, the Sandford Drinking Fountain can be modified specifically to suit your project needs; through colour selection and the addition of stainless steel accessories.

Throughout the past 150 years, we've developed a strong commitment to producing quality products. The core culture of our modern business revolves around this commitment, and we look forward to carrying on our proud history for many years to come.

All of our products are manufactured under an ISO9001 Quality Management System.

Foreshore Drinking Fountain

The Foreshore Drinking Fountain is a signature Furphy Foundry product. Made from 316 stainless steel and finished with an electro polish, this Drinking Fountain has been built to last.

London Drinking Fountain

A classic column design, set in cast aluminium and finished off with high-quality stainless steel components - the London Drinking Fountain is a perfect addition to any public space environment.
