Key points of the furniture range

Modular options

- Flexibility in arrangement and configuration
- Ideal for dynamic spaces like schools and high-use seating areas
- Easy to expand or reconfigure as needs change

Curved customised options

- Ability to create bespoke seating arrangements
- Enhances aesthetic appeal and functionality
- Offers unique design possibilities to fit various architectural styles

Plinth mounted options

- Plinth-mounted options for secure, stable, and durable installation, suitable for both indoor and outdoor use

Hardwood slats

- Premium quality materials for durability and aesthetic appeal
- Provides a warm, natural look
- Resistant to wear and suitable for high-traffic areas

Axis curved bench

Solutions for all angled and curved landscape designs

An Australian manufacturing icon for over 150 years.
