

## The Story

As one of Australia's oldest companies, Furphy Foundry is proud of its heritage and a strong dedication to producing excellent products has always been paramount. Furphy Foundry's commitment to manufacturing such high-quality products was first summarised in 1910 when company founder, John Furphy inscribed the following words on the cast ends of a Furphy Water Cart:

"GOOD, BETTER, BEST - NEVER LET IT REST - TILL YOUR GOOD IS BETTER - AND YOUR BETTER, BEST."

## Bollards

Ranging from simple and elegant through to detailed and high-end, our range of Bollards have been designed to withstand harsh Australian conditions while serving their purpose over the long-term as a barrier or divider.

# Bollards

Browse the full range at [furphyfoundry.com.au](http://furphyfoundry.com.au)

Made here in Australia, most individual designs from our Bollard range can be configured in terms of colour and finishing to satisfy client requirements.

## Stainless Steel Bollard

Made from 100% stainless steel, this is a bollard made to withstand all types of Australian environments - including corrosive coastal areas. Bolt down, in ground or removable options are available.

## Bollard Bike Rack

Our Bollard/ Bike Rack can be utilised as its name suggests - as a Bollard and a Bike Rack. Made from 304 grade stainless steel, this attractive multi purpose item will withstand harsh environments.

## Dome Top Bollard

A smooth, spun mild steel pipe column and a well finished powder coating are the key features of this simple yet elegant piece of street furniture.

Throughout the past 150 years, we've developed a strong commitment to producing quality products. The core culture of our modern business revolves around this commitment, and we look forward to carrying on our proud history for many years to come.

All of our products are manufactured under an ISO9001 Quality Management System.

## London Bollard

A classic design, set in our famous cast aluminium, the London Bollard fits into most settings and can be customised in terms of colour. Matchable with our London Drinking Fountain.

## Barrier Bollard

A simple tubular column design with a single, hi-visibility band - the Barrier Bollard is a sturdy mild steel product ideal for setting barriers in public spaces. Bolt down, in ground or removable options.

## More Bollards
